SUMMARY

Passionate Web Developer with a background in music production technology and life-long dedication to learning. Excited to bring my unique mindset and creative problem solving skills to your company.

SKILLS

Languages: **JavaScript, HTML, CSS, Node.js, MySQL**

Interpersonal: Clear Communicator, Creative Problem Solver, Good Listener, Independent Worker, Follow Directions

PROJECTS

Tropical Word Guess Game

| <https://github.com/andrew129/Word-Guess-Game> | <https://andrew129.github.io/Word-Guess-Game>

Word guessing game with tropical theme. 13 guesses per word to test fill-in-the-blank skills.

- Sole author of this project.
- Used Javascript, HTML, and CSS for the style.

GifLoader

| <https://github.com/andrew129/Giftastic> | <https://andrew129.github.io/Giftastic>

Application that's creates GIFs out of whatever you can imagine. Buttons just happen to be video game themed. Submit any random word into the text box and add a random button that will generate associated GIFs.

- Sole author of this project.
- Used Javascript, JQuery, HTML, and CSS.

Playable Synthesizer

| <https://github.com/HoChiefMinh/PlayAlongSynth> | <https://hochiefminh.github.io/PlayAlongSynth>

Keyboard synthesizer that can be played with computer keyboard. Choose preset and start making music using keyboard. Play along to Spotify music or one of the provided drum beats.

- Collaboration among several team members including me in the UCF Coding Boot Camp.
- Designed keyboard with Flexbox CSS and created all presets using audio library called Tone.js. Also created original music for user to play along with.
