SUMMARY

Passionate Web Developer with a background in music production technology and life-long dedication to learning. Excited to bring my unique mindset and creative problem solving skills to your company.

SKILLS

Technologies: **JavaScript, HTML, CSS, NodeJS, MySQL, MongoDB, Express, JQuery, Bootstrap, React**

Interpersonal: Clear Communicator, Creative Problem Solver, Good Listener, Independent Worker, Follows Directions

PROJECTS

Tropical Word Guess Game

| <https://github.com/andrew129/Word-Guess-Game> | <https://andrew129.github.io/Word-Guess-Game>

Word guessing game with tropical theme. 13 guesses per word to test your fill-in-the-blank skills.

- Sole author of this project.
- Used Javascript, HTML, and CSS for the style.

GifLoader

| <https://github.com/andrew129/Giftastic> | <https://andrew129.github.io/Giftastic>

Application that's creates GIFs out of whatever you can imagine. Buttons just happen to be video game themed. Submit any random word into the text box and an associated button will be created. Click on the button to generate related gifs.

- Sole author of this project.
- Used Javascript, JQuery, HTML, and CSS.

Playable Synthesizer

| <https://github.com/HoChiefMinh/PlayAlongSynth> | <https://hochiefminh.github.io/PlayAlongSynth>

Keyboard synthesizer that can be played with your computer keyboard. Choose a preset and start making music using the keyboard. Play along to Spotify music or one of the provided drum beats.

- Collaboration among several team members including me in the UCF Coding Boot Camp.
- Designed the keyboard with Flexbox CSS and created all presets using an audio library called Tone.js. Also created original music for user to play along with.
